Date of Information
July 2013

Manufactured from
sustainable forests

1. Firmly clean and dry the feet.
2. Remove a corn cap from the backing paper and position the felt ring over the corn.
3. Firmly apply in position with adhesive straps. When properly applied it should not slip or move.
4. Change the corn cap every two days until the corn is easily removed. A maximum of five corn caps should be used per corn.

While using this product a mild degree of soreness may be experienced.

Occasionally local irritation or dermatitis (skin rash) may occur. If this happens remove the plaster and clean and dry the area.

Do not repeat treatment.

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed on this pack. You can also report side effects directly via the Yellow Card Scheme at:
