

**Oilatum Junior Cream** has been specially developed for children and babies. It is used in the treatment of atopic eczema, contact dermatitis and dry, sensitive skin. **Oilatum Junior Cream** forms a protective film which moisturises, soothes, softens and rehydrates the skin.

**FRAGRANCE FREE**

#### DIRECTIONS

Use as often as required, or as directed by your pharmacist or doctor. Apply to the affected area and smooth it gently into your child's skin in the direction of hair growth. **Oilatum Junior Cream** is especially effective when used after washing to prevent your child's skin from feeling or becoming dry. If an adult uses this product whilst breast-feeding, wash all traces prior to feeding.

#### Caution:

Avoid using the product if you are sensitive to any of the ingredients. \*Cetostearyl alcohol and potassium sorbate may cause local skin reactions (eg contact dermatitis).

This product may cause rash or skin irritation. Speak to a doctor or pharmacist if you experience any unwanted effect or if you are unsure how to use this product.

**FOR EXTERNAL USE ONLY**

**KEEP OUT OF REACH  
AND SIGHT OF CHILDREN.**

Do not use the product after the expiry date.
