

**For the relief of insect bites and stings and skin reactions**

**Do not use** if you are allergic to any of the ingredients (Propylene glycol may cause skin irritation).

**Caution** • not suitable for animal bites or for children under 12 years • avoid contact with the eyes.

**Directions** • Apply a small amount of gel to the affected area with a clean finger tip. Repeat up to 3-4 times a day, if required.

Rarely skin irritation and sensitisation may occur. If symptoms persist, or any unwanted effects occur, stop using the gel and consult your doctor or pharmacist. If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet.

You can also report side effects directly via the Yellow Card Scheme at: [www.mhra.gov.uk/yellowcard](http://www.mhra.gov.uk/yellowcard)

By reporting side effects you can help provide more information on the safety of this medicine.
