ZEROCREAM

50g & 100g

BACK TEXT PANEL

Read all the carton before use.

What the medicine is for

Zerocream is a smooth white opaque cream which softens and moisturises the skin. It relieves the symptoms of flaking, dry or chapped skin. It can also be used for ichthyosis (an inherited scaly skin condition), traumatic dermatitis (inflamed skin caused by outside agents), sunburn, the dry stage of eczema and certain dry cases of psoriasis (a chronic skin disorder).

Before you use this medicine

✗ Do not take the medicine if you or your child have....

- An **allergy** to any of the ingredients listed.

! Pregnant or breastfeeding

Use during pregnancy and breastfeeding is unlikely to have any ill effects when used as directed. If unsure, talk to your doctor or pharmacist.

! Important Ingredient Information

This medicine contains cetyl alcohol, lanolin and hydroxybenzoates which may cause local skin reactions (e.g. contact dermatitis) or allergic reactions (possibly delayed).

✓ How to use the medicine

• If the cream comes into contact with dressings or clothing, the fabric can be more easily ignited with a naked flame. Keep away from fire when using the product.

Apply the cream to the skin.

Adults, the elderly and children: Apply to the affected areas of skin two or three times a day. Rub well into the skin.

FOR EXTERNAL USE ONLY

! If you accidentally swallow some see a doctor straight away. Take the pack with you to show which medicine you have swallowed.

SIDE TEXT PANEL

Possible side effects

Rarely, mild skin reactions (e.g. an allergic rash) can occur. If you notice any side effects, stop use and tell your doctor or pharmacist. They will tell you what to do.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at:

www.mhra.gov.uk/yellowcard

By reporting side effects you can help provide more information on the safety of this medicine.

Storing the medicine

Do not store above 25°C.

Keep out of the sight and reach of children.

Use by the date shown on the side of the carton.
